Dear Fellow Marketer,

Are you tired of losing precious time? I know I was!

I created AdFactoryPro for my own personal use because I was tired of losing my precious time installing and using all those different ad-creating scripts and software tools. I needed a way to make profitable ads for all of my digital products, fast and easy.

So I came up with AdFactoryPro... The ultimate ad-creation center!

AdfactoryPro makes creating professional ads so easy, everyone can do it. There's absolutely no technical knowledge required! If you can copy & paste, you can have your own ads spreading around the web in no time!

With AdFactoryPro you can easily generate

- text ads
- banner ads
- bonus ads
- solo ads / emails
- rolldown ads
- exit ads
- scrolling ads
- popup ads
- video ads

and there's more to come...

Since this system has helped me to not only make money, but saved me loads of precious time, I decided to make it available to everyone. After installing the software, you can start creating professional ads right from your desktop!

Screenshot:

Purchase AdFactoryPro today, and you will be able to gain the inside advantage over the competition by creating attention-grabbing, and profitable ads fast and easy... right from your desktop!

You can improve your sales starting with the very 1st ad you create!

If you've ever searched for an easier way to create your ad campaigns.... today is your lucky day!

But Wait, It Gets Even Better...

From inside the software, you'll also have access to these two amazing bonus tools:

- **Headline Generator** creates professional headlines in seconds!

The screenshot shows a web interface for a 'HEADLINE CREATOR'. The title 'HEADLINE CREATOR' is in a bold, black, hand-drawn font with a red underline. Below it, the text reads 'Create Profesional Headlines In Just A few Seconds!' (note the typo 'Profesional'). Underneath that is the instruction 'Finish the sentences below and click: "Submit".'. A text input field is shown with the placeholder text 'My product/service will help you to ...: [?]'. The entire interface is enclosed in a thin purple border.

- **Banner Generator** helps you to create professional banners with just a few clicks

The screenshot shows a web interface for a 'BANNER CREATOR'. The title 'BANNER CREATOR' is in a bold, black, hand-drawn font with a red underline. Below it, the text reads 'Create Banners In Just A Few Seconds!'. Underneath that is the instruction 'Select A Banner Template:'. Below this is a file selection area showing a dropdown menu with 'new.png' selected. At the bottom, a preview of a banner is shown with a blue background and a yellow starburst containing the word 'NEW!' in red. The entire interface is enclosed in a thin purple border.

Believe me, they don't come any easier than this!
